

WE HELP YOU STEP AHEAD

CONFIGRX

4G/5G SERVICES

ABOUT US

ConfigRX is a technology consulting company that specializes in independent pharmacy. We are a team of IT professionals with years of hands-on pharmacy experience. Our team has experience as pharmacists and pharmacy technicians. We understand pharmacy workflows and the importance of technology in the pharmacy.

ConfigRX offers a variety of services to pharmacies across the country including: managed technology services, IT auditing, pharmacy network security and more. Our goal is to help you grow your pharmacy through technology and allowing technology to save your pharmacy money every month.
